

Micro Schools

A **Micro School** has a maximum of 20 seats. It is recommended that a Micro School deploy ten work stations and allocate each work station to two students, a morning and afternoon shift 8AM-11AM and 12PM to 3PM, for example.

Micro School pricing offers our lowest price per seat and is meant to help get classrooms started who are on a very low start-up budget. The Micro School package includes:

Word Press Website - \$1,200 annually

- Website for billing parents and enrolling students.
- Website automatically sends enrollment information to Studia Nova
- Branding of your website with logo, colors and theme.
- Link on the website to the virtual curriculum login
- Volunteer-scheduling tool on the website for parents who are logged in
- Customers will be provided access to customize their website
- Cost is fixed recurring, does not increase with more students

Student Seats - \$8,000 annually

- 20 seats is the minimum purchase
 - *This price works out to be \$44.44 per student per month at capacity*
- Half payment due at the beginning of term
- Cost Increases when you add more students, *note: per student cost will also increase*
- Summer term is three months and is optional, cost is additional **\$1,000 annually**

Curriculum - included

- Full K-12 Curriculum for multiple programs
- Includes required print-outs and online work
- **Does not include grading** of all assignments
 - Writing assignments and a few others must be graded by the Micro School staff
 - Math assignment grading is included/automated

Student Services - included

- Student transcripts and attendance
- Accredited High School diploma
- High School graduation course counseling for your students
- Transcript review for transfer students
- Student Records Requests

- Synchronous lessons for select high school courses
- On-demand help for high school students - 10 hours per month

- Remote trouble shooting
- Software upgrades
- Business hours support line
- Ship replacement computers at no additional cost
- Total for 10 workstations: **\$50 per month, \$600 annually**
- Site visits priced separately

Printers - Optional Market Priced

- All Learning Centers require printers for student use
- Studia Nova can provide used printers and configure all student computers with printer drivers
- Price dependent on stock

Learning Center Installation - Optional \$2000

- If located in the State of California, Studia Nova partners can set up your learning center.
- If located over 4 hours from our head quarters in the Sacramento Region - **\$1,000 travel fee required**
- Computers set-up and tested with cable management
- Connected with wired internet to your router
- Cat-5 cables cut to length, routers, switched etc. powerstrips included
- Customer must have installed student desks and sent layout plan/photos for Studia Nova for approval prior to installation date
- Customer must have arranged internet prior to installation
- Installation takes 1-1.5 days if the site is ready

Additional Costs - Not Provided by Studia Nova

- Student Desk and Chairs

- Provide students a four-foot long desk
- Student headphones with microphones (recommend a cheap 'gamer' headset) - each student should have their own
- Printer paper and printer toner - keep in stock for print-outs
- Regular paper, pencils, pens and such
- Fast Internet service
- Insurance Cost for your location

Staffing and Skills expectations to run your learning center

- Skills to run a small business
- Manage Word Press Site for minor changes - part time, just part of running a small business
- Learning Center Coach
 - Able to help students through 8th grade level math and most humanities courses, foreign language excluded
 - Basic computer knowledge, turn off/on etc, follow instructions from customer support, etc.
- Grader - grade writing assignments submitted by students through on-line platform - part time, few hours a week, can be learning coach
